Introduction

This booklet contains the evaluation requirements and forms for Outcome 2- Provide Support to athletes in training of the Synchro Instructor Training Program.

The most important part of the NCCP is coach assessment and evaluation. A well-conducted evaluation will confirm that Synchro Instructor candidates have met all the criteria for each of the **four Outcomes** that have been identified in the SI program. An effective evaluation will also help identify individual strengths and weaknesses of SI candidates and provide some direction for ongoing coach development needs.

The Synchro Instructor training program is designed for two main target groups:

- Qualified *Aquatics Instructors* who require basic technical knowledge of Synchro
- Current and former *Synchro Swimmers* aged 15-18 who are instructing recreational swimmers.

All candidates must complete SI evaluation requirements to attain certification. Evaluation is based on meeting **four OUTCOMES**, each with its own set of criteria, to an appropriate standard that has been established by Synchro Canada.

**OUTCOME 1- Plan a Practice**

- Organize a series of lesson activities into a plan that enhances the learning of one or more skills
- Design an Emergency Action Plan

**OUTCOME 2- Provide Support to Athletes in Training**

- Ensure that the lesson environment is safe
- Implement an appropriately structured and organised lesson
- Make intervention that promote learning

**OUTCOME 3- Analyze Performance**

- Detect and Correct performance errors in order to choreograph and teach a routine of Star 1-4 skills for performance at a water show

**OUTCOME 4- Make Ethical Decisions**

Before beginning the process of evaluation, all Synchro Instructor candidates should have a copy of the Synchro Canada Star Manual.

Procedure

1. Print out a copy of this booklet.
2. Complete the required written assignment using the forms provided.
3. Submit completed work of this booklet to approved Evaluators along with evaluation fee.
4. Receive complete forms from Evaluator. Ensure that the Evaluator has signed the box at the bottom of each page, and make a complete copy for your own records.
5. Submit completed forms pages 7-9 to your Provincial/Territorial Synchro Association office. Your completion of this Outcome will be registered on the CAC database.
6. When you have completed all four outcomes you are fully certified as a Synchro Instructor.
OUTCOME 2: Provide Support to Athletes in Training

Notes for Evaluation of Outcome 2

Guidelines for Evaluators:
- Remember to follow any pool rules that are applicable – e.g. wearing deck shoes.
- Evaluators should introduce themselves to the pool deck staff prior to going out on the deck.
- Refer to page 8 for an explanation of the marking matrix.
  - Read through the coaches lesson plan prior to the evaluation
  - Read the Star Manual description of the skills the coach has listed, prior to the lesson starting.
  - Refer to the Star manual during the lesson, to confirm that the Star Manual progressions are being followed.
- Remember to sign the bottom of each page of the booklet, in the space provided.

Guidelines for Synchro Instructor Candidates:
- Well before the date of your evaluation, inform the pool staff (and others who may need to know) that an evaluator will be present during your lesson.
- In your lesson plan, show all teaching points and progressions for the main skill you will be teaching. This will allow the Evaluator to review your plan before you begin your evaluation.
- Make sure you have two (2) copies of your lesson plan – one for your own use and one to give the evaluator.
- Bring your Star manual with you.

This evaluation will be done on-deck, while the instructor leads a class. The evaluation should take place sometime between Lessons 5 and 8.

**Information for Evaluators**

Congratulations! You have been identified as one of Synchro Canada’s Evaluators for the NCCP, Synchro Instructor (SI) Context. You have a crucial role in our coaching education program and this booklet is designed to help you meet the responsibilities that are required of an Evaluator.

The most important part of the NCCP is coach assessment and evaluation. A well-conducted evaluation will confirm that Synchro Instructor candidates have met all the criteria for each of the four outcomes that have been identified in the SI program. An effective evaluation will also help identify individual strengths and weaknesses of SI candidates and provide some direction for ongoing coach development needs.

Within each outcome, the pass standard for SI Candidates is 80%. For many of the evidences, scoring of candidates is done using a 3-2-1-0 scale, where a score of 2 indicates that the coach has met the standard. A score of 3 indicates that the candidate has exceeded the required standard; 3’s should be awarded only if warranted. Certain other criteria will either be met (score = yes) or not met (score = no), but the overall yes: no ratio must still exceed 80%. There are several instances where a given criterion MUST be met and a pass score is unattainable without it.

SI Candidates who do not meet the pass standard are probably not yet ready, and would likely benefit from some additional time working with an experienced coach. A passing score will not be awarded if a candidate does not meet the established standard! It is in the candidate’s (and the athlete’s) best interest to spend some extra time becoming truly proficient.

The following chart describes how criteria will be evaluated:

<table>
<thead>
<tr>
<th>SCORE</th>
<th>Quality of work or performance</th>
<th>Degrees of Understanding</th>
